

SecPro

SecPro is a must-buy for pigeon clubs large and small ... it can even be used by Federations and large Combines. The British International Championship Club, with 1000+ members, now use SecPro. It's designed by a fancier who has built the product based on his own club's experiences and requirements and those of his many Club customers. Priced from just **£100** it's one of the best investments your club could ever make! Key features:-

- ◆ Member details management
- ◆ Race point management
 - ◆ Members' flying distances
 - ◆ RPR distance request facility
- ◆ Member labels management utility
- ◆ Race management
 - ◆ Entries and arrivals
 - ◆ Velocities and results
 - ◆ Multiple reports available
 - ◆ Prize money and pools payable
 - ◆ Pools management
 - ◆ 26 pools available (A-Z)
- ◆ Averages
 - ◆ Multiple race averages for members' first timed pigeon in each race
 - ◆ 2+ bird average within a race
- ◆ Club "Points" competition
- ◆ Diploma printing
 - ◆ Straight onto 'Classic' format
 - ◆ Single or multiple performance format

NEW for 2012
UNIKON Interface

LoftMate

LoftMate is a truly fantastic race management device allowing you to watch your race develop from liberation time to arrival time. Simply set your liberation time and add the precise flying distance to your lofts (miles/yards or metres) and LoftMate will recalculate the current flying time and velocity every second. Then when you've read off your clock simply key in the actual arrival times into LoftMate and it will calculate precise velocities for up to ten pigeons. Long distance and/or International racing enthusiasts can take full advantage of the brilliant hours of darkness utility that stops the race timer at the predetermined nightfall time and restarts it the following morning so you're always aware of your velocity and flying time carried forward into the next day. Priced at just **£40 each** inc p&p of buy **3-for-2 at just £80**.

- Palm-sized
- Easy to operate
- Supplied with lanyard for easy wearing
- Operates in YPM or MPM so suitable for UK and European markets
- Hours-of-darkness utility caters brilliantly for long distance races
- Store up to 10 arrival times
- Calculates flying times and velocities based on these arrival times
- Dead-accurate Velocities
 - (assumes no clock variation)

PBO Solutions

We offer the Fancy a wide range of products:-LoftOrganiser and LoftMate for your personal use, and SecPro for your Club. LoftOrganiser handles all your pigeon data, generates pedigrees, manages race records, pairings, vaccinations, and so much more! SecPro is a Member and Race management system for club secretaries... suitable for small local clubs AND large Combines and 'Nationals'. LoftMate is a fantastic race management device and is absolute must-have product for any fancier waiting for pigeons to return.

- ◆ Sales Management
- ◆ Veterinary Management
- ◆ Loft/personal Diary feature to log all important dates and events

The screenshot shows the 'All Old Bird Racer' record card for a pigeon with Ring # GB1999J64542. The card includes fields for Par (01), ETS (NL2000-0054028), Name (No), Hatch Date (1999), Feather Col (Blue Pied), Sex (Cock), Sire (?), Dam (?), Strain (Unknown), Breeder (PC), Purchase Price (0.00), Status (Old Bird Racer), Location (A4), Selling Price (0.00), and Vaccs (12/08/2004, 14/08/2004). The interface also shows a list of 10 pigeons and various menu options like Print, Email, and Help.

Each pigeon that you add to the system has a record card like this ... showing details such as Ring Number, Colour and Sex; Sire and Dam ring numbers; Strain; Breeder; Pigeon Type/Status; Location, and Long and Short Details that ultimately print onto its pedigree and the pedigrees of its descendants. As you can see this is also where you store portrait and 'eye' photographic images which can subsequently be printed on some very high quality pedigrees and reports. From this pigeon's card you can access EIGHT different pedigree formats; 1st and 2nd generation descendants; its racing records; its showing records; and even its veterinary records!

Websites

Need a Personal or Club Website? Why not ask PBO Solutions to design, upload and manage a Website for you? If you sell pigeons then a Website is a must these days, as they're a great and cheap way of advertising to the Worldwide market. Clubs can easily upload PDF results to their Website on a weekly basis and keep all their Members fully informed at all times. Prices start from as little as £200.

The screenshot shows a website titled 'My Lofts' with the tagline 'Fabulous Mardon & Hession Van Reets'. It features a navigation menu with links for 'About Us/Contact', 'Families/Galleries', 'Pigeons for Sale', 'Special Offers', 'News', and 'Web Links'. A banner at the top right says 'Website under construction'. The main content area includes a welcome message and information about the website's purpose.

Laptop Computer Sales

We can now supply you or your club with Laptops, pre-loaded with our **LoftOrganiser** and/or **SecPro** programs. These will always be competitively priced from just **£499** including your choice of software, delivery, and VAT at the standard rate. Most laptop systems will be supplied with one year's manufacturer warranty but additional warranty cover can always be purchased where required. Why not ask us for a quote?
