

## Switching LoftOrganiser and/or SecPro over to new Computer/Laptop

Should you need to move either **LoftOrganiser** or **SecPro**, supplied by PBO Solutions, onto an additional or new computer then please follow the procedure(s) listed below:-

| LoftOrganiser  | SecPro  |
|--|---|
| <ul style="list-style-type: none"> <li>❖ Program Source               <ul style="list-style-type: none"> <li>➤ <b>If you were originally supplied the Program on a CD:-</b> <ul style="list-style-type: none"> <li>▪ Install from the original CD supplied to you, onto the NEW Laptop</li> </ul> </li> <li>➤ <b>If you were originally supplied the Program by ZIP file supplied to you via WETRANSFER email:-</b> <ul style="list-style-type: none"> <li>▪ Find the ZIP file that you will have downloaded at that time on the old computer</li> <li>▪ Copy it over to the new Computer (e.g. Desktop, making it easy to find again)</li> <li>▪ Open the ZIP file and double-click the .exe file within it, to install the program</li> <li>▪ If you cannot locate this file, then PBO will have to recreate it for you, for a fee of £40 (this will also update you to the very latest version of the program)</li> </ul> </li> <li>➤ Whichever method of installation is used, this will install a BLANK database</li> </ul> </li> <li>❖ Insert a Memory stick into a free USB Port in the <u>old</u> computer/laptop and COPY the following files from within the C:\LoftOrg folder <u>onto</u> the Memory Stick               <ul style="list-style-type: none"> <li>➤ <b>LoftOrg_be.mdb</b></li> <li>➤ <b>LoftOrgX_be.mdb</b></li> </ul> </li> <li>❖ Move and Insert the Memory stick into a free USB Port in the <u>new</u> computer/laptop and COPY the following files <u>from</u> the Memory Stick into the C:\LoftOrg folder on the NEW Laptop               <ul style="list-style-type: none"> <li>➤ <b>LoftOrg_be.mdb</b></li> <li>➤ <b>LoftOrgX_be.mdb</b></li> </ul> </li> <li>❖ Run/load <b>LoftOrganiser</b> <ul style="list-style-type: none"> <li>➤ The program should run, as normal, and link to all your current pigeon data</li> </ul> </li> </ul> | <ul style="list-style-type: none"> <li>❖ Program Source               <ul style="list-style-type: none"> <li>➤ <b>If you were originally supplied the Program on a CD:-</b> <ul style="list-style-type: none"> <li>▪ Install from the original CD supplied to you, onto the NEW Laptop</li> </ul> </li> <li>➤ <b>If you were originally supplied the Program by ZIP file supplied to you via WETRANSFER email:-</b> <ul style="list-style-type: none"> <li>▪ Find the ZIP file that you will have downloaded at that time on the old computer</li> <li>▪ Copy it over to the new Computer (e.g. Desktop, making it easy to find again)</li> <li>▪ Open the ZIP file and double-click the .exe file within it, to install the program</li> <li>▪ If you cannot locate this file, then PBO will have to recreate it for you, for a fee of £40 (this will also update you to the very latest version of the program)</li> </ul> </li> <li>➤ Whichever method of installation is used, this will install a BLANK database</li> </ul> </li> <li>❖ Insert a Memory stick into a free USB Port in the <u>old</u> computer/laptop and COPY the following files from within the C:\SecPro folder <u>onto</u> the Memory Stick               <ul style="list-style-type: none"> <li>➤ <b>SecPro_be.mdb</b></li> </ul> </li> <li>❖ Move and Insert the Memory stick into a free USB Port in the <u>new</u> computer/laptop and COPY the following files <u>from</u> the Memory Stick into the C:\SecPro folder on the NEW Laptop               <ul style="list-style-type: none"> <li>➤ <b>SecPro_be.mdb</b></li> </ul> </li> <li>❖ Run/load <b>SecPro</b> <ul style="list-style-type: none"> <li>➤ The program should run, as normal, and link to all your current club data</li> </ul> </li> </ul> |
